

Woodward Dream Cruise

MOTOR CITY ROCKETS

ROCKET FUEL

For those who don't know or haven't been, the Woodward Dream Cruise, held on the third Saturday of August each year, is the largest one day car event in the world. It is an enormous car driving event in which thousands of cars cruise a 16 mile loop through nine cities. Thousand more cars are displayed along the route and at sponsored car shows.

The OCA Motor City Rockets chapter was there in full force! It is hard to comprehend the size of this event that runs from the cities of Ferndale to Pontiac, Michigan. Imagine nearly every possible spot along the eight lane avenue filled with over 30,000 classic ars. (Yes, it has gotten commercial with the "Big 3" having huge displays including a mock drive-in theater which takes up too much of our cruisers highly valued parking). But what a great week! Week you might say?

This one day event has turned into a week long extravaganza; people are out driving every night for days before the cruise itself. The Oldsmobiles I saw in that week numbered in the 100's. It's great to see folks out cruising in these great cars rather than parked at a regular car show. For you out of towners, come visit during the week for the best cruising and on Saturday for parking, watching, and walking the cruise.

Wendys August 17, 2002

Oldsmobile.

Reminders:

- Have you made your Hotel reservations?
- Do you have a for sale wanted ad to send to the club? info@motorcityrockets.com
- Is your membership up to date? Email Chris at ccarson129041MI@comcast.net

WHAT'S IN A NAME!

MCR is looking for a name for it's newsletter!
Please mail sugestions to:
Info@motorcityrockets.com

Participation is needed

Motor city Rockets has a great group of people and what better way to reach out to the group then with a article for the newsletter. We have received a few articles and would like to have more ! Did you finish that project tell us all about it. Your knowl- edge of a project can help others learn tell us how you would have done it different.
